

Teens for the Future

Teens for the Future is sponsoring a pediatric nurse to help children in Uganda. We have a goal of paying for her expenses and sending a large care package of medical supplies, food and other needed items to Uganda.

Help us help others in need.

Dear Teens for the Future,

My Name is Rachel Friend. I am 24 years old. I work as a Pediatric Nurse at Comer's Children's Hospital in Chicago. IL. My floor is half general pediatrics and half kids with cancer. My patients have been some of the strongest people I have ever met. They are fighters and never give up.

Ever since I can remember, my dream has been to become a medical missionary. I first heard about the children of Uganda in college. Uganda has been through a terrible war leaving hundreds of children homeless and orphaned. You can learn more from The Invisible Children (www.invisiblechildren.com).

I have the opportunity to offer my nursing skills to these children through a project called Loving One By One (www.lovingonebyone.org/sanyu.html). I can be part of a mobile medical clinic providing basic health care, clothing and food. I am asking for your assistance in helping me get financial support to cover my travel expenses.

Sincerely, *Rachel Friend*

Teens for the Future is a group birthed out of The Youth Project of The World Foundation for Original Human Development*. The Youth Project encourages young people to envision their future world and take steps to make the world that they would like to live in. The group of youths in Chappaqua chose their name Teens for the Future and a mission to "Make awareness of needs" with a consciousness of being blessed with resources that many children in the world are deprived of.

*The World Foundation for Original Human Development (WFOHD) is a New York State certified not-for-profit educational organization. Donations made to WFOHD are tax deductible under section 501(c)(3) of the Internal Revenue Code. www.wfohd.org
