

Dear Friends

Now that the holidays are past and a New Year has begun, we offer you a meaningful holiday. As we empowered our local youth to make a difference in the world, they identified orphans in Uganda as a place to serve. Through their service projects we created a relationship with Nserester Orphanage, founded by an orphan now, as an adult, caring for 814 children in his complex. He has created a leading school in Uganda www.nserester.org and is inviting us to the graduation of the senior students this February.

While WFOHD is not making an official group trip, we are extending the invitation and have information for all who are interested. British Airways has a roundtrip for \$1080 (This is low season). Lodging is reasonable (\$35-60/nite that may be negotiated down by our host). If you are interested contact us ASAP and we will get additional travel details. (see www.ugandatourism.org We will connect you with our travel agent)

Suna Senman-Lane, president of WFOHD

a meaningful holiday.
